DEDICATION

Throughout the ages, man has been plagued with war. Today it is the global nuclear war of self-destruction that looms over all. It is imperative that something be done to eradicate this terrible threat.

Our Lady of Fatima states that peace can be accomplished only through prayer and penance. This advice has not been heeded. At present many nations are enveloped by the tenacles of atheistic communism. Man must be made to realize that the foundation for peace is a universal belief in God. It will be this full acceptance of a Divine Authority that will enable society to live in harmony.

It is with the fervent hope for a brighter future that we sincerely dedicate this issue of the HELENIAN to the propagation of world peace.

"If my requests are granted Russia will be converted and there will be peace."

His Holiness Pope John XXIII

To Our Graduates:

You are the members of the Class of 1961. Your class is our ninth to graduate from St. Helena's. Of your Freshman class which entered in September of 1957, you are one of the 234 who remained to reach the goal. These figures are called to your attention so that you may be grateful to God, who has given you the golden opportunities denied to so many others. You do appreciate the sacrifices your parents made to give you the best in education. You will ever remember the example and the training you received from the Marist Brothers and the lay teachers who inspired you. If you live up to the expectations and ideals placed before you during the past four years at St. Helena's, your career will be productive of great achievements, for your Church, your parents, your Brothers, and your country. This is my hope and prayer for each one of our graduates of 1961.

My Dear Graduates:

Your Graduation Day is upon you and undoubtedly it leaves you with mixed emotions of joy and sadness; pride in your accomplishments, sorrow for your negligences; happiness on the completion of your secondary education, trepidation in the thought of what may lie ahead. Whether you plan to enter college in the Fall or to take your place immediately in the business world, you know that you have now matured into a world whose catchword is confusion.

In a certain sense, the confusion is good because it develops in us a restlessness for the serenity of heaven. But in a broader sense, we cannot allow ourselves to become engulfed by the tidal wave of world disorder. Though civilization be crumbling around us, we must maintain an inner peace for only in an aura of spiritual equanimity can we work out our salvation.

On this Commencement day, as you gladly accept the plaudits of parents and friends, resolve to remember the most vital lesson taught in any Catholic School - that faith in God and obedience to His laws, in season, out of season, publicly and privately, is the only means of achieving true peace in this life and eternal happiness hereafter.

Be faithful to your religious obligations, remain devoted to the Blessed Virgin - and the road to heaven will rise to meet you.

Sincerely in J.M.J.

Dear Seniors:

I saw this poem of Myra Brooks Welch in the parlor of a rectory.

THE TOUCH OF THE MASTER'S HAND

'Twas battered, scarred, and the auctioneer
Thought it scarcely worth his while
To waste his time on the old violin
But held it up with a smile.
"What am I bidden, good people," he cried,
"Who'll start the bidding for me?
A dollar, a dollar! now two, only two;
Two dollars, and who'll make it three?
Three dollars once, three dollars twice;
Going for three?" But no!
From the room far back a gray-haired man
Came forward and picked up the bow,
Then wiping the dust from the old violin
And tightening up the strings,
He played a melody pure and sweet,
As sweet as an angel sings.

The music ceased and the auctioneer
With a voice that was quiet and low
Said, "What am I bid for the old violin?"
And he held it up with the bow.

"A thousand dollars, and who'll make it two,
Two thousand, and who'll make it three?
Three thousand once, three thousand twice;
And going and gone," said he.
The people cheered and some of them cried,
"We don't quite understand
What changed its worth?" Swift came the reply,
"The touch of a master's hand."

And many a man with life out of tune
And battered and torn with sin,
Is auctioned cheap to a thoughtless crowd
Much like the old violin.
A mess of pottage, a glass of wine,
A game, and he travels on.
He is going once, and going twice;
He's going and almost gone.
But the Master comes and the foolish crowd
Nevert can quite understand –
The worth of a soul, and the change that's wrought
By the touch of the Master's hand.

Stay close to the Master. God speed.

Sincerely,
FATHER CARNEY

SENIORS

It has been called a "melting pot" not only for different national groups, but for their cultures. Yes, New York City, absorbs, but not completely, the literature, the athletics, the arts and the religions of many nations. Out of this vast conglomeration, this great city has managed to produce a culture all its own, one whose main feature is diversity. New York offers something for everyone.

Perhaps that which best describes the personality of a city is its architecture. New York contains thousands of buildings. Each one materializes some ideal or ambition of man.

Among these edifices there are two which best serve to exemplify the universal desire of peace, St. Patrick's Cathedral and the United Nations. They are dedicated to different aspects of this ideal. In one man strives to make his peace with the Creator and in the other he endeavors to accomplish union with his brother.

It is because our great city offers so much to so many people that we develop our theme around its many buildings.

FORENSICS

The basic and truly accomplished purpose of the St. Helena High School Forum is to develop articulate Catholic leadership for the future. With this in mind, Forum speakers proceeded this year to tear up the citys' leagues in an unprecedented display of the schools' forensics might. They accounted for victories in thirty-one of the years' thirty-two contests, accumulating over $7,000 in Scholarships, fifty-one trophies and more than a dozen medals. They qualified for the state finals in six events and for the national finals in three.

The Oratory team was the most impressive ever fielded by the school. Its members won in every contest in which they participated and wrapped up every major New York City Oratory title in addition to one national and three state titles.

Extempore speakers suffered some from inexperience but still ranked consistently in the "top ten." Composed of Juniors next year this team will be close to unbeatable.

For the second year in a row, Sophomores Kevin Lynch, and Dermot Culligan led the Jay-vee team to a berth in the State Finals in Albany. They won in several tournaments including the Massive N.Y.U. Eastern Invitationals. Thomas Murray and James Shorter completed this champion squad.

Juniors Shannon, Berry, Adams and Clemente led the Dramatics squad to a strongly successful season in the Grand Tournament.

The Novice Team, a new and successful addition to the Forum accounted for a substantial share of the schools' awards this year, while remaining completely dominant in its field. Charles Schreiber, Ralph Morrissey and Frank Calabrese were a few of this teams' mainstays.

What must be even more pleasing to Brother Stephen Luke than this years' record is the fact that the Forum loses only two of its fourteen varsity speakers at graduation in June, and there are firm replacements ready.

Some of the Crusader teams most successful members this year included:

William Rapp who competing in his first full year developed the poise and confidence necessary to place in the State Finals.

John Strapac—with more than a half a dozen victories during this year, John used a calm, effective delivery in ranking as one of the State's best orators.

Kevin Lynch broke the school point record, placed in the State Finals and is only a Sophomore, ready for two more years of record breaking performances.

Thomas Stewart, also a Sophomore, romped through his second year of impressive victories in Extempore, Debate and Oratory.

John Cromshaw and Thomas Murray—versatility is the trademark of these two. Having competed in five divisions each, they'll both be valuable assets to next year's team.

Robert O'Connell—Bob finished his fourth year in public speaking with a flourish, capturing the State titles of the American Legion and C.Y.O. within twenty-four hours. His four year totals include over 1400 points and fifty-five contest victories.

Bound East for Cardiff

"You'll be 'aving your pint of beer in Cardiff this day week."

"Is it wishful for heaven ye are?"

"You and he have been shipmates a long time"?

"If this had only happened a week later we'd be in Cardiff in time to ––"

The Still Arm

"Give us that little thing you played the night the Equitable Building burned down."

"The hotel is on fire, sir.
We think it's going to burn down."

"Suppose I go to another hotel and there's a fire there too."

If men played cards as women do

"And don't forget I want things served very nicely. Use the best china and the filagree doilies."

"I want the recipe. How many eggs?"

"Daddy I learned a new tune today."

"You must promise not to breathe a word of it to anybody, because I got it in absolute confidence and I promised I wouldn't tell."

The Devil and Daniel Webster

"But I didn't come here to talk politics – I came to kiss the bride."

"You're a bold man, Mr. Webster. Perhaps too bold for your own good."

"Irrevelent, incompetent and immaterial. We have our own justice, Mr. Webster."

"If you folks don't have a good time, well, we won't feel right right about getting married at all."

"The Lord watch between thee and me when we are absent, one from the other."

GLEE CLUB

Entertainment is an art and this art is accomplished by those in attendance at the Glee Club. This widely sponsored and most actively engaged in extra-curricular activity is supervised by that wonderful and always jovial Brother Paul Michael and by the Master of Italian verse, Mr. Anthony Bozzutti.

The Glee Club is one of St. Helena's many cultural activities organized to foster group singing and to develop character and personality of the individual. The Christmas pageant has lately been added as one of the Glee Club's memorable accomplishments in addition to the very much rehearsed and pleasurable musical.

And the angels listened in.

Many thanks to Mr. John Orlando for his fine accompaniment and Mr. Bozzutti for his excellent conducting.

Whistle while you work.

Student Council

This year the St. Helena Student Council has been unique in many ways.

Unique in its unprecedented cooperation between the faculty and student body.

Unique in the office of co-president. This position is jointly held by Thomas McKay and Robert O'Connell which proved to be well-executed despite all dire predictions.

It is therefore our intention to acknowledge the members of the Student Council for a job well done whether it was the dances, athletic events or any of the other undertakings sponsored or supervised by the Student Council.

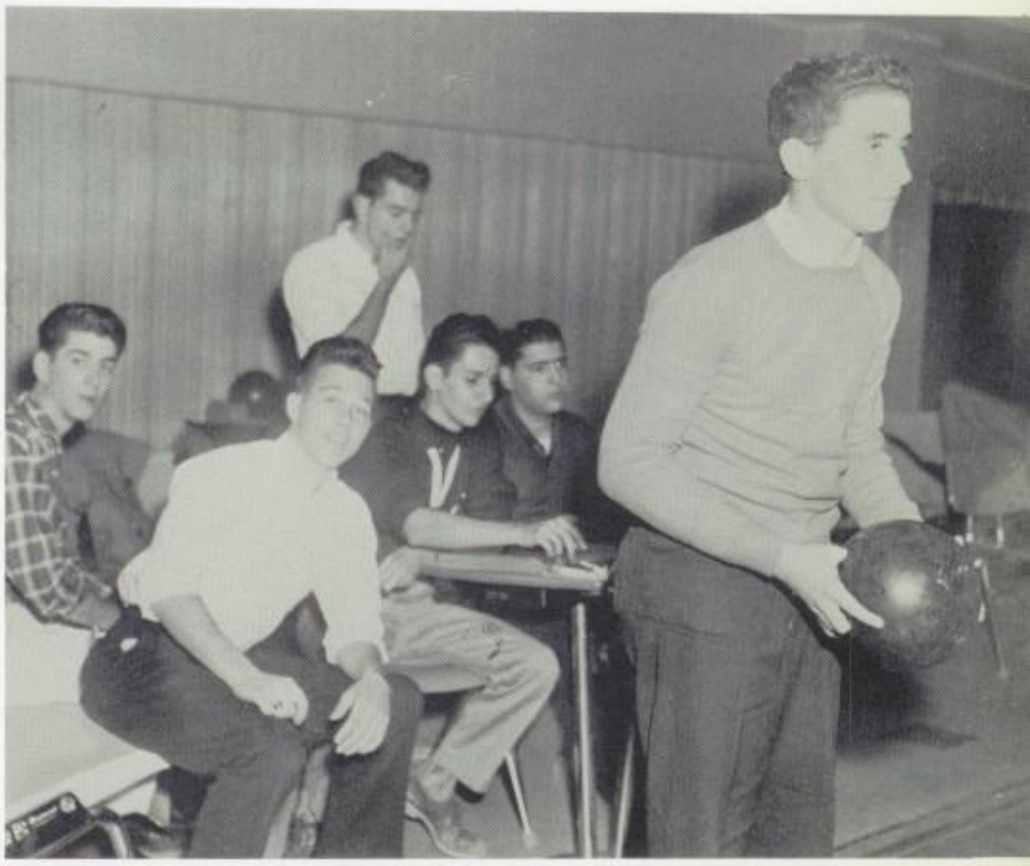
The Team Victorious.

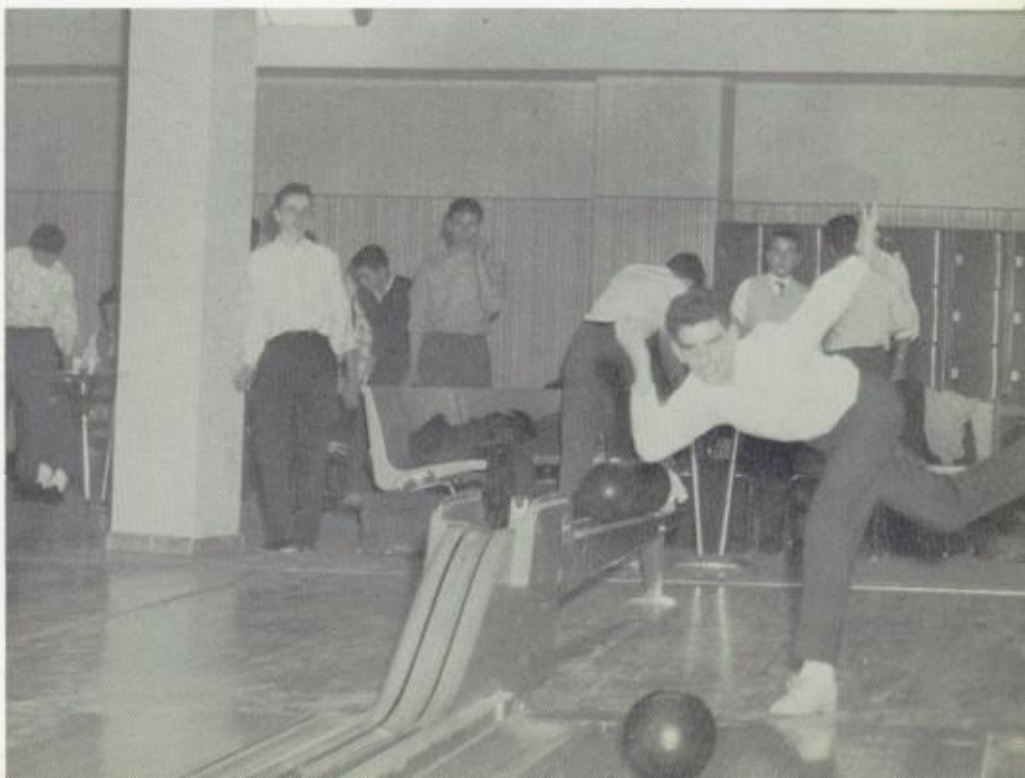
Never mind the camera, watch the form.

Will it be a strike or a spare?

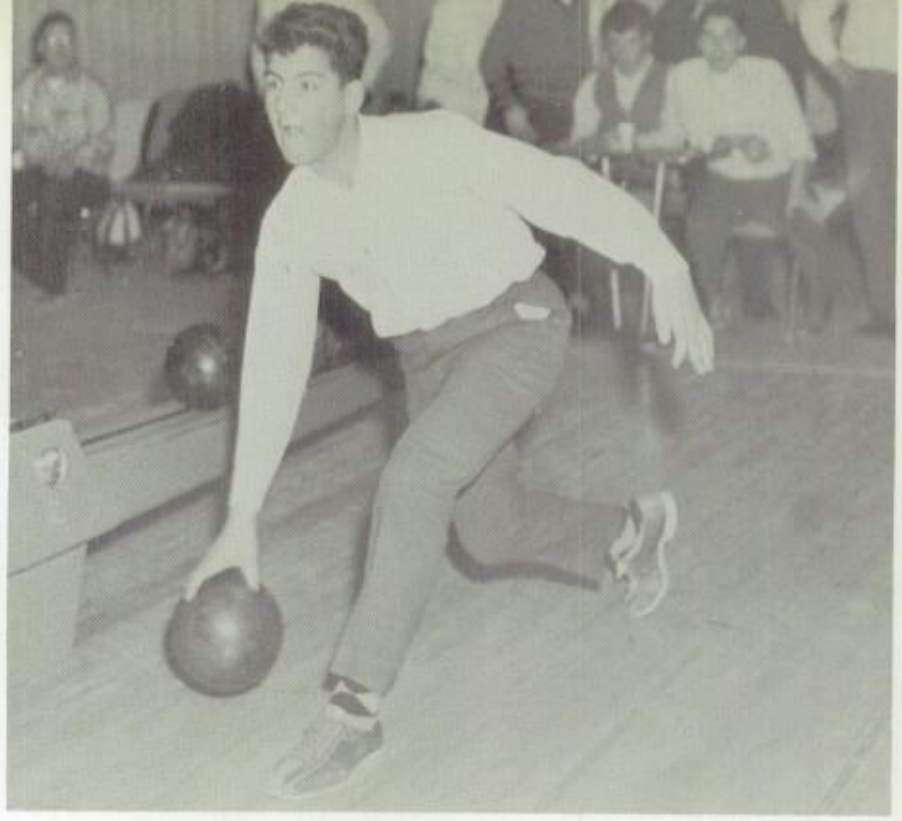


This is the winning form.

"I can't understand it," says Russano, "it never went into the gutter before."

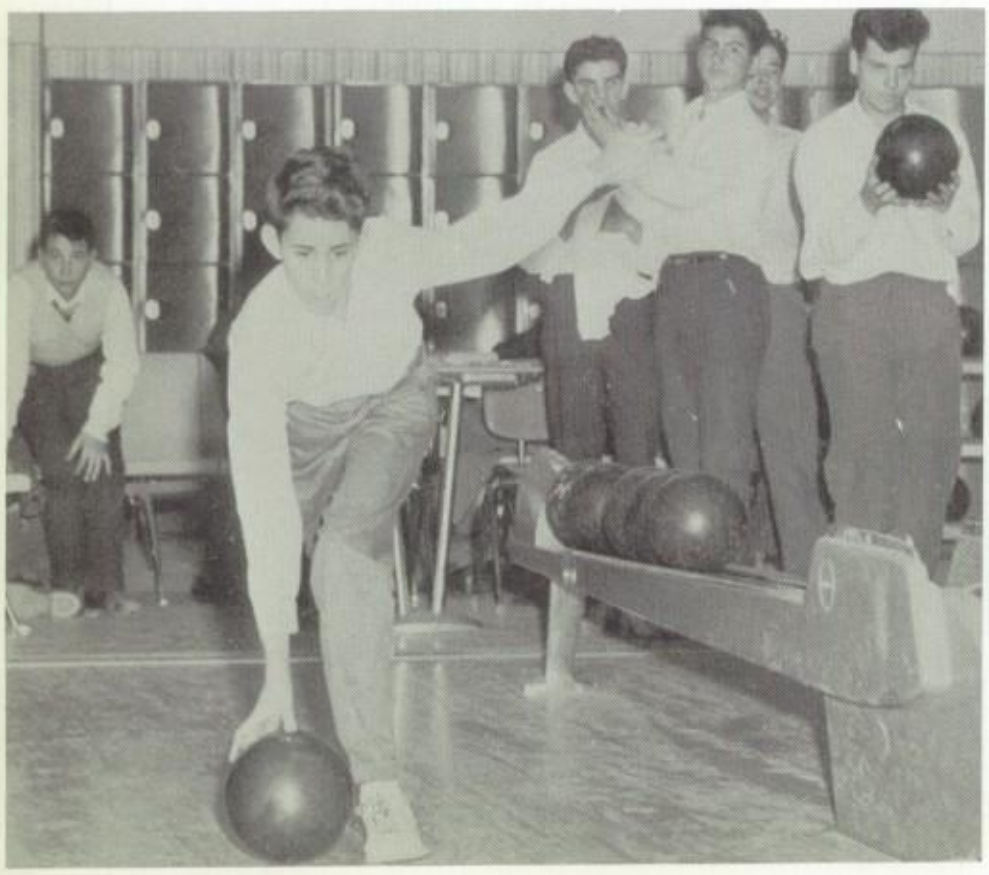


Maybe next time.



This should do it.

What's going to happen?



I finally got one down.

Nice and easy does it.
